MEMORANDUM FOR THE RECORD

SUBJECT: Scheduling of Pressure Chamber Tests - Detachment B Personnel

1. On 1 June 1956, we were advised by [] of Clark Company that the pressure suit for [] had been shipped to [] at Wright-Patterson, but that a leak had been found in the pressure suit for []. The Clark Company hoped to find this leak and ship the suit out by Saturday, 2 June.

3. It is our understanding that [] went into the pressure chamber on 31 May. [] are to begin physical examination at Lovelace on the morning of 5 June and should be finished at Lovelace about 7 or 8 June. They should then be scheduled for pressure chamber tests at Wright-Patterson, through the good offices of [].

4. [] has had an EKG by the Agency Medics, an EKG at Wright-Patterson, and a thorough physical examination on 31 May and 1 June at Lovelace. He has been found disqualified for pressure chamber tests at Wright-Patterson and [] has recommended to the Project Director that [] no longer be authorized to fly solo.

5. Reference is made to CABLE 2508 (IN 01545) in which [] says that survival training now scheduled to begin 11 June should be rescheduled for 25 June. [] has also recommended that [] not be permitted to undergo this training and we have asked [] to follow through on this proposed rescheduling in order to find out why [] has requested such rescheduling.
